EXPANDED SCOPE STATEMENT

Workers' Compensation Coordinator

Exam Date: 05/17/2025

76333-010

SUBJECTS OF EXAMINATION: A test designed to evaluate knowledge, skills and/or abilities in the following areas:

1. Ensuring effective inter/intra agency communications

These questions test for understanding of techniques for interacting effectively with individuals and agencies, to educate and inform them about topics of concern, to clarify agency programs or policies, to negotiate conflicts or resolve complaints, and to represent one's agency or program in a manner in keeping with good public relations practices. Questions may also cover interacting with the staff of one's own agency and/or that of other agencies in cooperative efforts of public outreach or service.

2. Preparing written material

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

3. Understanding and interpreting tabular material

These questions test your ability to understand, analyze, and use the internal logic of data presented in tabular form. You may be asked to perform tasks such as completing tables, drawing conclusions from them, analyzing data trends or interrelationships, and revising or combining data sets. The concepts of rate, ratio, and proportion are tested. Mathematical operations are simple, and computational speed is not a major factor in the test. **You should bring with you a hand-held battery- or solar-powered calculator for use on this test.** You will **not** be permitted to use the **calculator** function of your **cell phone**.

4. Understanding and applying written material based on legal passages

Candidates will be provided with a reading passage taken from a published law or regulation and be required to answer one or more questions based on that passage. The questions may require the candidates to apply the passage to a hypothetical situation or situations described in the question(s) or summarize all or part of the passage. All factual information needed to answer these questions is provided in the reading selections. No prior knowledge of the material is needed to answer these questions correctly.

The content of the readings used in these questions may not necessarily pertain directly to the duties of the positions. The purpose of the questions is to determine the candidate's ability to read and comprehend written material of a particular style and difficulty. Moreover, knowledge of the subject matter contained in the reading selections is generally not related to answering the questions successfully because all of the information needed can be found in the reading selections.

The New York State Department of Civil Service has not prepared a test guide for this examination. However, candidates may find information in the publication 'General Guide to Written Tests' helpful in preparing for this test. This publication is available on line at: <https://www.cs.ny.gov/testing/testguides.cfm>.
